Peace action performed: “Care For Nature”.

Date(s) of action Friday, June 15, 2012 @ 11:45 AM-1:45 PM

Brief description of action and outcomes: We followed the nice suggestions you provided for actions at schools.

Our drama Team comprising of 13 students, age 14-21, and Grade 9-11th, organized a nice drama again demonstrating on the importance of a Clean Environment.

We chose this topic because we knew that June 5th is being pointed out by many of our colleagues/schools within the Life Link Programs. Prior to the demonstration of the drama, I spent 35 facilitating discussion on the importance of clean environment from notes giving to us by a UNDP's experts in Liberia responsible for environmental programs. There were over 210 students in the audience we served, 47 adults from our communities, two Journalist from Fabric Radio Station, 35 students from six sister schools.

After the demonstration and presentation on June 15, the representative of our district donated a very nice digital camera to our school's Peace Program as we pleaded for such to our viewing audience. This nice digital camera now will help us with more photographing of our activities.

June 29 was another great day for us.

Our school was hosting its annual closing exercises with over 540 students, over 120 community members, and many media officers. On this day, we again officially raised our Peace Campaign Program under the Theme, “Rain Board for Peace”. This lifting of such a flag or banner to the over 750 persons on such great occasion is our way of informing them that the Christian Home Mission School

System in Liberia is ready for Peace education at schools and community levels.
We dramatized again a nice peace drama.

Title, **“Peace , a hallmark for true development in any nation”**.

Many adults viewing the drama really appreciated our Peace education initiative at schools and communities and gave gifts to our actors.

Many expressed their pleasure for such program in a war ravaged nation Liberia and asked us to even expand to their communities and schools.

Number of students who participated 13 drama Team members plus over 210 students which equals a total of 223 + 750 more on June 29, making a total 973 viewers in the month of June.

More Peace actions to follow.

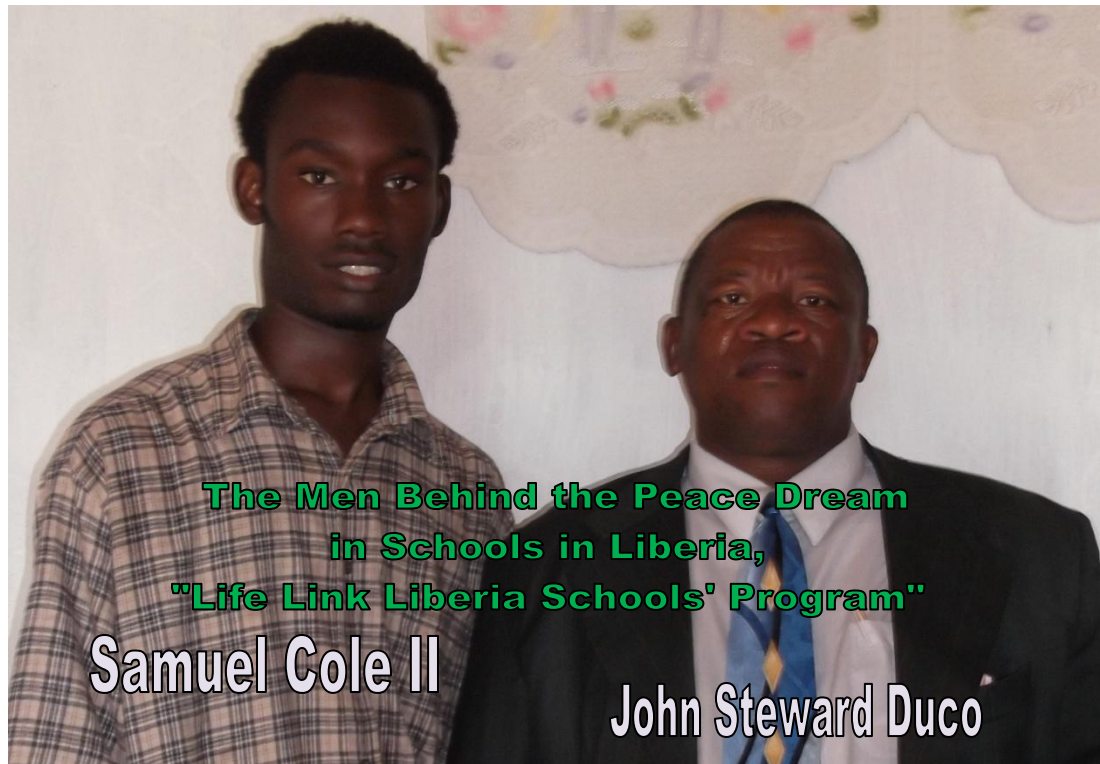

Age 7-23

Number of teachers: 23 **Parents:** around 120 total for June 14, and 29, 2012.

Participation of community over 100 adults, organizations Five different schools, media 2 Personnel from Fabric FM Station, others: One higher-up government official.
